<td>Sun 12/4 1:00 PM - 4:30 PM</td>
<td><strong>Learning Lab L1. Achieving Equity: Readmissions and Real-World Lessons</strong>&lt;br&gt;<strong>PRESENTERS</strong>&lt;br&gt;Aswita Tan-Mcgrory, Deputy Director Massachusetts General Hospital&lt;br&gt;Joseph Betancourt, Director, The Disparities Solutions Center Massachusetts General Hospital&lt;br&gt;Larry Weems, Hospitalist Novant Health&lt;br&gt;Richard Foster, Executive Director, Catalyst for Health, South Carolina Hospital Association, 100 Million Healthier Lives Hub Leader&lt;br&gt;Vince Ford, Chief Community Health Officer, Palmetto Health&lt;br&gt;Matt Stiefel, Sr Director, CMI Center For Population Health, IHI Fellow Kaiser Permanente; 100 Million Healthier Lives Metrics Team</td>
<td>Addressing readmissions while caring for an increasingly diverse population has become a significant concern for hospital leaders. Some minority populations are more likely than white populations to be readmitted within 30 days of discharge for medical conditions such as heart failure, pneumonia, and acute myocardial infarction. This session will provide guidance on how to address the barriers faced by minority populations and focus both system-wide redesign and targeted efforts at preventing readmissions. Additional enrollment fee</td>

### Sun 12/4
**1:00 PM - 4:30 PM**
**North Tower: Aruba/Bahamas**

**Learning Lab L2. Internationally Heralded Approaches to Population Health Driven by Alaska Native/ American Indian/ Native American Communities**

**PRESENTERS**
- **Amy Armistad**, Program Manager, University of New Mexico Health Sciences Center; Project ECHO
- **Doug Eby**, Vice President of Medical Services, Southcentral Foundation
- **Leanndra Ross**, Senior Director for Organizational Development and Innovation, Southcentral Foundation

Learn from the nationally and internationally heralded models of the SCF Nuka System of Care (Alaska) and the ECHO Program (New Mexico). Both programs are being looked to as models to apply in primary care and community settings to improve outcomes, cost, experience, and expertise for both those giving and receiving services. Both include community driven design, team based expertise, community based structures, workforce innovations, technology optimization, and reach across thousands of miles.

*Additional enrollment fee*

---

### Sun 12/4
**1:00 PM - 4:30 PM**
**Hall of Cities: New York/New Orleans**

**Learning Lab L12. Unleashing Everyone as Change Agents for Joy, Health, and Wellbeing**

**PRESENTERS**
- **Hans Hartung**, Consultant Respiratory Physician, National Health Service Ayrshire and Arran
- **Kate Hilton**, Senior Faculty ReThink Health, 100 Million Healthier Lives Leadership Team
- **Marianne McPherson**, Director, 100 Million Healthier Lives Implementation, IHI

How do we unlock intrinsic motivations and unleash collective joy while swimming in the soup of a complex system? Bring your challenges, experiences, and insights to this un-conference session as together we uncover opportunities for lasting change for joy and meaning. Building on organizational change and social movement practices, participants will leave with practical next steps to jump-start a groundswell of leadership that enables a relationship centered, joyful environment.

*Additional enrollment fee*

---

### Sun 12/4
**1:00 PM – 4:30 PM**
**Crystal Ballroom: Salon G**

**Learning Lab L5. Sustainability: Who Has The Answer?**

**PRESENTERS**
- **Alide Chase**, Consultant, LLC
- **Beth Lilja**, Chief Medical Officer, Zealand University Hospital
- **Uma Kotagal**, Senior Executive Leader, Cincinnati Children's Hospital Medical Center; 100 Million Healthier Lives Leadership Team

Why do some solutions to challenging patient safety problems stick and others drift away over time? Through the use of case studies, participants in this session will discuss strategies to increase sustainability, the key factors in success and failure, and known traps. Participants are encouraged to bring current change packages to the discussion.

*Additional enrollment fee*

| Mon 12/5   | 8:30 AM - 4:00 PM     | North Tower: Vinoy  | **Minicourse M25. Journey to Population Health for Health Systems**  
**PRESENTERS**  
Pablo Bravo, Vice President Dignity Health  
Soma Stout, Executive Lead for Health Improvement, IHI, 100 Million Healthier Lives Lead  
Tyler Norris, Vice President Total Health Kaiser Permanente, 100 Million Healthier Lives Strategic Advisor  
Kevin Barnett  
Don Berwick  
In this highly participatory Minicourse, health care systems transforming toward population health will assess where they are on the journey, explore key levers from working within their patient population to a total health anchor institution strategy, and learn from health care systems that have advanced on this journey. Participants will then create a practical roadmap for their own transformation.  
*Additional enrollment fee* |

| Mon 12/5   | 5:45 – 6:30 PM        | Cypress Ballroom    | **100 Million Healthier Lives at the IHI Exhibit Booth**  
Marianne McPherson, Director, 100 Million Healthier Lives Implementation, IHI  
Opportunity for attendees to learn more about the movement! |
| Mon 12/5   | 5:00 - 7:00 PM        | The Courtyard Orlando Lake Buena Vista | **“What Counts?”- Documentary Film Launch Party**  
As our country grapples with the future of our healthcare system, join us for an evening of inspiration and conversation to celebrate the launch of "What Counts?" - a groundbreaking short documentary film chronicling the stories of courageous leaders who are redefining the boundaries of healthcare and blazing a trail for others with their commitment to addressing patients’ most pressing basic human needs. After cocktails, appetizers and the film premiere, I hope you’ll stay for an in-depth discussion with the film’s featured heroes and award-winning filmmaker Nicole Newnham. |

|             | and 11:15 AM-12:30 PM|                 | **PRESENTERS**                                                              | Kate Hilton, Senior Faculty ReThink Health, 100 Million Healthier Lives Leadership Team  
Jessica Perlo, Network Director, IHI Open School, Institute for Healthcare Improvement, 100 Million Healthier Lives Leadership Team |
| Tue 12/6    | 9:30-10:45 AM       | North Tower: Marco Island | **A27/B27. From Clinical to Social: Redefining What Counts as Health Care** | Until now, traditional health care has not addressed the social and environmental factors that account for 70% of health outcomes. From the recent release of the CMS Accountable Health Communities model to the imperative to better understand and treat the needs of their most complex populations, health systems are redefining what constitutes health care. This session will explore innovative tools to assess social needs and ways to leverage new and existing services in the housing, food, social isolation, and transportation arenas to augment clinical care. |
|             | and 11:15 AM – 12:30 PM|                 | **PRESENTERS**                                                              | L. Gordon Moore, Senior Medical Director 3M Health Information Systems, Inc.  
Ninon Lewis, Executive Director Institute for Healthcare Improvement, 100 Million Healthier Lives Leadership Team  
Rocco Perla, President Health Leads  
Rose Englert, Sr. Business Leader, Community Health Innovation Programs CareOregon |
### A24/B24. QI for Social Needs Interventions in Health Care

**PRESENTERS**

- **Andrew Beck**
  Pediatrician, Cincinnati Children's Hospital Medical Center

- **Ned Mossman**
  Program Mgr, Payment Reform/Social Determinants of Health, OCHIN

- **Rishi Manchanda**
  Founder, HealthBegins, 100 Million Healthier Lives Leadership Team

- **Robert Kahn**
  Professor, Associate Chair for Community Health, Cincinnati Children's Hospital Medical Center

- **Zach Goldstein**
  Principal, Innovation Health Leads

Health care delivery systems increasingly recognize that health is affected by social conditions outside hospital and clinic walls. This awareness has inspired efforts to systematically identify patients’ social needs and build linkages to "upstream" community resources. This session will focus on the growing opportunities to determine how to measure and enhance the efficiency, efficacy, and scalability of such services, featuring leading organizations that use QI to optimize patient and population health by proactively engaging partners and aligning with payers.

### 100 Million Healthier Lives Health Systems Transformation Hub Meeting

**RSVP to kjohnson@ihi.org if you are interested in attending and are not yet a Hub member.**

Opportunity for hub members attending to come together to discuss the oasis design for health systems on the journey to population health.

<tbody>
<tr>
<td>Tue 12/6 1:30 PM-2:45 PM</td>
<td>C29. Population Management in the Safety Net</td>
<td>Kim Schwartz, Chief Executive Officer Roanoke Chowan Community Health Center; Molly Hart, Healthcare Analytics Strategist Community Health Center Network; Ninon Lewis, Executive Director IHI, 100 Million Healthier Lives Leadership Team; Paula Cousins, Director of Population Health, Samuel U. Rodgers Health Center; Tam Duong, Project Manager, IHI</td>
<td>In a rapidly changing delivery and payment environment, safety net organizations are under increasing pressure to deliver cost-effective care resulting in better outcomes and patient experiences. In this session, participants will learn how several safety net organizations have put themselves on a pathway from panel management to population health and accelerate their journey towards value-based care for entire populations.</td>
</tr>
<tr>
<td>Tue 12/6 1:30 PM-2:45 PM</td>
<td>C2. Building Capacity: Delivering Results at Scale</td>
<td>Jason Leitch, National Clinical Director, Scottish Government Health Department; Lisa Schilling, National Vice President, Healthcare Performance Improvement, Kaiser Permanente; Susan Hannah, Head of Children &amp; Young People Improvement Collaborative, Scottish Government; Uma Kotagal, Senior Executive Leader, Cincinnati Children’s Hospital Medical Center, 100 Million Healthier Lives Leadership Team</td>
<td>Improvement science delivers results at scale in many systems, including Kaiser Permanente, Cincinnati Children’s Hospital, and Scotland’s public services, which have developed advanced approaches to building the quality improvement skills of practitioners at all levels of their systems. Participants will achieve whole system knowledge with a shared language for improvement and consider how these approaches for capacity building enable work that goes beyond health care improvement, integrating innovation with improvement and focusing on improving community health.</td>
